

Automatic Savings Plans

Call (800) 578-5024 to enroll!

To build your savings faster and stronger, the best advice is to “pay yourself first” with an Automatic Savings Plan from One Credit Union. Make a transfer to your high yield savings account the first thing to do after your direct deposit of payroll. You can create multiple accounts and name them for specific goals or purposes. Consider accounts such as “vacation,” or “property taxes,” or “rainy day.” The possibilities are endless! Once you establish a purpose and the priority, it makes it easier to watch the balances grow!
